ABOUT US

Quality Trade Group is a South Australian family owned and operated company with Over 20 years experience in all aspects of the flooring industry.

Owner and Director, Ben McGreen started as a sole trader installing floors all over the state, this grew into forming a company in 2017 which has grown and evolved into what it is today.

We are still servicing a wide range of industries from residential, commercial and industrial customers with all the same care, respect and workmanship on each project.

You will notice that we aim for excellence in every area, from the initial contact all the way through to the completion of your project and beyond.

We hire, train and value our own full time employee's and build strong relationships with our contractors. We believe this is key ingredient as to why our business has been able to grow and evolve to what it is today.

POLICIES, PROCEDURES AND WARRANTIES

We prioritise transparency and customer satisfaction through clear policies, procedures, and warranties. Our policies outline the standards of service, workmanship and how we conduct ourselves, ensuring consistency and professionalism in every project.

With consistent procedures in place, we guarantee a streamlined process from consultation to installation, addressing every aspect of the project. Moreover, our project specific warranties provide peace of mind, safeguarding our customers against unexpected issues and ensuring the durability and longevity of their investment.

We are committed to delivering exceptional service, workmanship and support.

RECENT PROJECTS

Over the years, we've had the privilege of working with a diverse range of clients and projects, each contributing to our growth and expertise in the industry. From industrial and commercial through to residential spaces, our portfolio of projects showcase our commitment to the client.
